As an aside, the timeline may slip but hoping it does not.

Hi Chistina – checking to make sure on this process. I see the list of AA/RA questions you have below. Am I correct in understanding that OCIR will send out a cleared list of topics on the 12th, and we will get the factsheets back to you on the 20th?

Do you anticipate tribal or international questions? We aren't included in the list of topics, below, but have prepared tribal and transboundary/border questions in the past.

Thanks for clarifying. Best, Martin

Subject: Hearing Prep & Happy Thanksgiving!
Importance: High

Colleagues,

The President has made public his intention to nominate Acting Administrator Wheeler to serve as the Administrator of the Agency. OCIR is requesting that we use this time to

compile all of the information the Administrator will need to prepare for the hearing. The Administrator's confirmation hearing will be a more intensive confirmation process compared to others we have dealt with over the past two years. We must ensure we deliver a quality briefing to Administrator Wheeler that prepares him for the confirmation process. Additionally, when your programs prepare the briefing materials, you must also produce Q&A that your AA will ask the Administrator at the conclusion of each briefing session. Please prepare at least 30-45 minutes' worth of questions. These questions may also be used in the murder board.

Please see the action items below and the deadlines. These are hard deadlines so please, have staff begin working on these materials as soon as possible. Email me with any questions.

Thanks!

Deliverable	Deadline	Notes
OCIR to produce a list of topics we believe the Administrator will be asked during the hearing.	November 26	<p>The list should be organized by each program office.</p> <p>The list will be reviewed by OCIR leadership on the morning of November 26. The goal of the review is to create a comprehensive list of policy items for which the program offices will be tasked with creating fact sheets.</p> <p>Also, OCIR should identify—as much as possible—the Members we believe will ask the specific questions. This will be used when AW does his meetings, and with his hearing prep.</p> <p>This exercise should be to supplement the topics listed below.</p>
Briefing binder due	Dec 12	List of policy topics to be shared with program offices for preparation of the program fact sheets. The program offices must follow the format (below) and provide concise, updated information.
OCIR Leadership quality control	December 20	OCIR leadership will review fact sheets to identify inconsistencies, missing information, and/or edits that must be made. The program offices must be able to turn around any changes in a timely manner. OCIR AA will work with the AA's to ensure they have buy in.

		All managers will be responsible for the final product that is to be submitted to the Administrator.
Briefing binder submitted to Administrator Wheeler	December 21	

HEARING BRIEFING TEMPLATE

Note: The template should be limited—as much as possible—to one page

Issue: What is the specific issue

Background: In a concise manner—describe the pertinent historical background information.

Key Points: What does the Administrator need to know about this issue? Are there political sensitivities? Is the Agency planning any major actions on the specific topic? Are there risks with the particular issue?

Talking Points: This must be limited to 2-3 points per topic. Do not use generic language. The Administrator must be able to read the talking points verbatim—if needed.
